DIVIDE STANISLAUS ALUMNI INTO TWO UNITS

The Alumni Association of St. Stanislaus College in Bay St. Louis has been divided into two units: A Louisiana Chapter and A Gulf Coast Chapter. This plan was discussed at the November, 1964, annual meeting of the Association and was formally acted upon at an executive meeting of the officers at a subsequent meeting held recently in New Orleans.

The Gulf Coast Chapter of the Stanislaus Alumni Association has set the date of Sunday, June 13, 1965, at 2 o'clock P. M. for an organizational meeting. The meet-

ing is scheduled to be held at St. Stanislaus at 2 o'clock in the afternoon.

APPROVE ANOTHER 12-BED ADDITION TO HOSPITAL

Hancock County Board president, R. G. Hubbard Jr., was advised Tuesday by Congressman William M. Colmer and Senator John Stennis that the Department of Health, Education and Welfare had approved a Hill-Burton Grant of \$55,480 towards the construction of a 12-bed addition to Hancock General Hospital.

Hubbard said the board applied for the federal grant about a month ago. The estimated cost of the proposed addition is \$83,220. Hancock General, with this money, having almost completed, now has 44 beds.

STATE NOW HAS 900,000 LICENSED DRIVERS

The licensing of 78,024 new drivers in 1964 brought the total number of licensed drivers in the state to nearly 900,000.

A report to the office of Public Safety Commissioner T. B. Birdsong from Chief Examiner Bill Sutherland shows the state's thirty License Examiners gave a total of 117,011 examinations in order to qualify the new operators.

Sutherland said that 68 percent of the applicants passed their first examination due to their knowledge of the law and their preparation. However, 1,587 needed a second examination to qualify and a small percentage had to come back a third and fourth time. Most of those failing to pass their driving examination did so because of poor preparation, failure to exercise proper control of their vehicle during the examination, or the commission of a dangerous act during the examination.

According to Sutherland, of the 37,437 that failed, 26,085 failed simply because they did not know the law, while only 5,123 could not pass the behind-the-wheel test.

The thirty Examiners averaged sixteen examinations per day during 1964. This compares with an average of fifteen examinations a day in Kansas; fourteen per day in Missouri; and eighteen per day in Texas.

Birdsong said that the importance of a driver examination cannot be over estimated as proper examinations screen out drivers whose actions or knowledge of the law indicate that they would be hazardous to others who use our streets and highways.

Birdsong reminded that June 30 marks the end of another renewal period for 125,000 Mississippi drivers. These licenses can be renewed now and will continue to bear the same expiration date. "Early renewal will insure the license holder not having to wait in line and will also expedite early mailing of his license to him," he concluded.

Civil Defense Assists In In Several Rescue Missions

Bay St. Louis Civil Defense Director Bert Stieffel, reported the local unit assisted in the rescue of a local couple, their three small children and a teenage couple from Gulfport Sunday.

Stieffel said he received a call over the Citizens Band radio about 10 p.m. from Ed Porter that Mr. and Mrs. Vernon Nivens, who had left the Bay around 10:30 a.m. Sunday with their three children, had not returned.

Stieffel, who was in his car at Pass Christian at the time, picked up a call from Nivens, who had a walkie-talkie radio on his boat, that his 31-foot cabin cruiser had grounded with the receding tide near Cat Island.

The Coast Guard and local C. D. workers were contacted by Stieffel and John Christensen and Chuck Steers left from Bay-Waveland Yacht Club about 11:15, reaching the Nivens at 1:30 a.m. With their help the Nivens were home at 5 a.m.

Stieffel stated when he was contacted by Nivens, he was told two teen-agers, who had experienced trouble with their sail boat, had joined the Nivens earlier in the afternoon, but had started to wade to shore to try to get help on the island. Stieffel said he relayed the information to the Coast Guard.

The couple was later identified as Arthur Mac Arthur 17, and Miss Suzanne Sidney, 18, who were found safe by the U. S. Coast Guard and returned to Gulfport about midnight aboard the cutter Point Estero.

Also assisting Stieffel were Brewster Mollere and Gerald Price Jr., with communications, the Bay St. Louis police and fire departments and Ray Stieffel and Robert Elliott who were standing by with another boat.

BOUND OVER FOR GRAND JURY ON MORAL CHARGE

Albert Beam, 44, Bay St. Louis waived a hearing before Judge Nolan S. Ladner Saturday and was bound over without bail, to the action of the grand jury on six counts of Moral Offenses.

Beam, who is employed by the county in Boat Five, was arrested last Wednesday by Sheriff Sylvan Ladner and Chief Deputy Eido Depreo when he returned to the county barn in Waveland.

The alleged incidents, Sheriff Ladner said, involved children between the ages of 6 and 12.

Assistant District Attorney Clyde Hurlbert and Joe Price of the state highway patrol assisted in the investigation.

Remember that fishing licenses are about due. Get yours now. Mississippi fishermen, fishing for fresh water fish, in Louisiana need a La. non-resident license. It is better to be safe than sorry. Louisiana licenses can be purchased at Pearl River on the west side of the river near the Pearlyn on Highway 90.

LOCAL SPORTSMAN

Shelby Tucker
Shelby is he is most familiarly known, lives at Pass Christian and has been playing golf for years. He is an active member at the Pass Christian Golf Club and gives his buddies a hard time on the course. He is a likable fellow and a swell guy to know. Don't treat them too rough, Shelby.

John Scafide, Jr., and John Genin saw a flying fish while out soft crabbing the other night. This was unusual as flying fish usually stay in deeper water. Don't be surprised what you might see while walking in the water at night. It could even be a "Ker fil Ker" fish. Never saw one myself!

Each week we will try to write about a fish that habitats our waters around here. They are good eating and a thrill to catch. The Jumping Mullet (Sured aulet) sometimes averaging two to three pounds, run in schools and are caught with cast nets. They have a tender, firm textured flesh and a mild nutlike flavor. They travel in schools and can be seen at considerable distances jumping out of the water as high as three feet. When cleaned while fresh and fried crisp they are hard to beat when eaten with toasted French bread. Ask the old timers they prefer them to most fish.

It is a pleasure to see shrimp most anywhere in the water near shore. They are rather small but will get larger along. A small seine will catch all the shrimp you need for a shrimp fishing trip. The season on shrimp fishing trip are crazy about them as well as those who love them as a seafood delicacy.

Over the weekend a lot of people from out of town enjoyed the local municipal pier. The swimming was good. Camping was ideal, picnicking was perfect and the best of all, using the grounds doesn't cost anything. It will be a popular place from now on, in the Good Old Summer Time.

Soft crabbing and floundering is picking up all the time. Last week we caught 3 dozen soft crabs in a little while. Keep the old light burning. The crabs are there just for the picking up. Ask those who know.

NEW I. D. CARDS FOR ALL CIVIL DEFENSE WORKERS

Harbert L. Stueffel, Director of the Bay St. Louis Civil Defense, has announced that all Section Chiefs have received new I. D. cards to be distributed to individual members of their group. These cards have replaced all previous cards and have to be correctly filled out to be valid, making it recognized and respected throughout the United States.

The following requirements for these new cards to be valid are: on the front side a small photo must be placed between the Mississippi Seal and the Civil Defense Seal and the member must affix his signature in the space allotted. On the reverse side all information is to be supplied. Fingerprints can be made at the sheriff's office.

Mr. Stueffel strongly suggests that upon completion of the card, it be laminated or covered with some type of plastic covering to preserve and protect it. If any Civil Defense member has not yet received his new card he is urged to contact his Section Chief.

The following are the Section Chiefs: Dan M. Russell — Advisory; Hugh Sanford — CBB; Jos. Kern — Chaplain; James Travira — Engineer; Jos. Bernond — Fire; Sam Perniclaro — Maintenance; Harold Stieglitz — Medical; John Ginn — Pharmacy; Robert Coleman — Police; Russell Elliot — Rescue; Theo. Morel — Shelter; L. H. Raymond, Jr. — Supply; Andre Arceneaux — Transport.

The Mayor and Commissioners plan to have completed the new Civil Defense Headquarters at the Webb School within the next 45 days.

HIGHWAY DEPT. PLANS CALL FOR RELOCATION HIGHWAY 43

Three big interstate construction projects, one primary, and one secondary are on the agenda of an \$8.4-million letting announced by the State Highway Commission for June 22.

The advertisement for bids also includes a four-mile relocation of State Route 43 at the NASA test facility in Hancock County; and driveway construction at the Old Capitol Museum.

Two of the interstate projects announced by the Commission will fill final links in construction of I-55 and I-20 at Jackson. One is for two miles of I-55 extending north and south along the eastern edge of the city; the other is for four miles of I-20 in South Jackson between Van Winkle and Terry Road.

In Madison County, the Commission will take bids on the paving of a five-mile project between Mississippi Highways 22 and 18 north of Canton.

The primary project is for bridge construction on the Columbus bypass. Spans and approaches are scheduled for Tombigbee relief Moore's Creek and Oak Slush Creek. The secondary construction will be 5.1 miles of base and pavement on Mississippi Highway No. 349 between Mississippi Highway No. 30 and Cornersville in Union County.

The work on Mississippi 43 will be grading, drainage, base and pavement on four miles between Interstate Highways 10 and 59.

The interstate projects will be another important milestone for Mississippi in construction of this federal system of highways.

When the gaps at Jackson are under contract, construction will

SUBSTITUTE TRUSTEE'S NOTICE OF SALE

WHEREAS, on June 8, 1962, Charlie Johnson and wife Cora Johnson executed a Deed of Trust to Carl A. McGhee, Trustee, for the benefit of Modern Homes Construction Company, which said Deed of Trust is now of record in the office of the Chancery Clerk of Hancock County, Mississippi, at Bay St. Louis, Mississippi, in Book 91 at Page 122 of the records of Deeds of Trust of said County; and

WHEREAS, Modern Homes Construction Company as owner and holder of said Deed of Trust, and the indebtedness secured thereby, has exercised its option to assign said indebtedness and said Deed of Trust to Modern Homes Finance Company, and the instrument of assignment of said Deed of Trust was executed on the 15 day of June, 1962, and is now of record in the aforesaid Chancery Clerk's office in Book 92 at Page 210; and

WHEREAS, default was made and now exists in the payment of the indebtedness secured by said Deed of Trust; and

WHEREAS, Modern Home Finance Company, as owner and holder of said Deed of Trust, and the indebtedness secured thereby, has exercised its option to appoint the undersigned as Substitute Trustee in the place and stead of Carl A. McGhee, which instrument of Substitution was executed on the 15 day of March, 1965, and is now of record in the aforesaid Chancery Clerk's office in Book 106 at Page 538; and

WHEREAS, Modern Home Finance Company, as owner and holder of said Deed of Trust and the indebtedness secured thereby, has exercised the option contained in said Deed of Trust and declared the entire indebtedness secured thereby immediately due and payable, and has called upon the undersigned Substitute Trustee to execute the trust therein contained and requested the undersigned to sell said property under the provisions of said Deed of Trust for the purpose of satisfying the debt thereby secured and unpaid, together with attorney's fees and the expenses of the execution of this trust and of the selling of said property.

NOW, THEREFORE, I, the undersigned, William E. Suddath, Jr., Substitute Trustee, do hereby give notice that on Friday, the 11th day of June, 1965, during legal hours, I will proceed to sell at public auction, at public outcry, to the highest and best bidder for cash at the main front door of the Hancock County Courthouse in Bay St. Louis, Mississippi, the following described lands with all improvements thereon situated in Hancock County, Mississippi, and described as follows, to-wit:

Commencing at the Southwest corner of the NE 1/4 of the SE 1/4 of Section 3, Township 9 South, Range 14 West; thence East 86 feet to an iron stake on a fence line; thence North 86 degrees 30 minutes East 82 feet along a fence line to an iron pipe as a place of beginning; thence North 65 feet to an iron stake on a fence line; thence East 82 feet to a fence post on a fence line running North and South; thence South 65 feet to a corner fence post; thence West 82 feet along a fence line to the place of beginning; said land containing 1/4th of an acre, more or less, and being part of the NE 1/4 of SE 1/4 of Section 3, Township 9 South, Range 14 West, Hancock County, Mississippi.

This is the same real estate as that conveyed by Carrie Barnes and Harriet Louis to Charlie Johnson by that certain deed dated March 31, 1955 and which is recorded in the office of the Chancery Clerk of Hancock County, Mississippi in Book L-6 at page 80 as recorded on March 31, 1958.

The undersigned Substitute Trustee will convey to the purchaser as is vested in him as Substitute Trustee.

Do you ever feel trapped? Do the walls of a meaningless life seem to close in on you sometimes? Here's good news! Every life has a gate, and it is never locked. But it only opens from one side . . . your side.

Seek for the gate with all your heart, and you will find it. Open it, and you will enter a world full of meaning and beauty. You'll step from darkness to light . . . and never look back.

The key? It's waiting for you in Christ's teachings. His Church will help you to find it, and in His service you will discover life's real purpose. Go to church this Sunday, and hear God's words of promise and comfort. They are meant for all who yearn to widen the cramped horizon of their lives. They are meant for you.

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Edmund F. O'Connor, director of the MSFC Industrial Operations since November assumed the

rank of Brigadier General on June 1.

In absence of Dr. Von Braun, presentation of the rank to O'Connor was made by Dr. E. F. Rees, Marshall Center deputy Director, NASA Headquarters, in brief ceremonies Tuesday in the director's office.

He is assigned to NASA through a special personnel exchange arrangement with the Department of Defense.

O'Connor was nominated by President Johnson for the appointment in April. The appointment recently was confirmed by the Senate, and the Air Force established the June 1 effective date.

O'Connor came to the Marshall Center from the Ballistic Systems Division of the USAF Systems Command, Norton Air Force Base, Calif. where he was in charge of the Mobile Mid-Range Ballistic Missile Program.

As director of the MSFC Industrial Operations O'Connor is in charge of the major rocket stage and engine contracts with industry. He also directs the two government owned contractor - operated establishments of the Marshall

The main purpose of 4-H Clubs are to offer to boys and girls, between the ages of 8-10, the chance to develop their leadership abilities, who will become the leaders of tomorrow of our city, state and nation.

The 4-H Clubs have many projects which will aid individuals in reaching many achievements by taking active part in the project that they are most interested in.

If a 4-Her is active enough and shows interest in 4-H Club work he or she may be awarded a trip to the Junior Leadership Training Conference, State 4-H Club Congress, etc.

4-H Clubs offer you through their many contests held at county, district and state levels, showing exhibits, keeping records, the chance to develop all of your leadership qualities that all good leaders possess.

All of these things can be obtained by following instructions of your 4-H leader and simply doing as the 4-H Club slogan states "Learn to do by Doing" and following its motto "To Make the Best Better."

BE IT ORDERED by the Board that the Board recess until Monday Morning, April 12, 1965, at 9:00 o'clock A.M.

R. G. HUBBARD JR.
PRESIDENT

MONDAY MORNING, April 12th, 1965, at 9:00 o'clock A.M., the Board met pursuant to recess. There being present: R. G. Hubbard Jr., President, Alton A. Keller and Jack Lott, Members; Sylvan J. Ladner, Jr., Sheriff and Marie E. Quintini, Clerk of the said Board. Supervisors Dean and Lavingsh were absent and excused.

ORDER TENNESSEE GAS PIPELINE CO.

Came on this day being a regular day of the April 1965 term of the Board of Supervisors of said county, the petition of Tennessee Gas Transmission Company, asking that it be authorized to lay, construct, operate and maintain a natural gas pipeline and appliances over and appurtenances necessary or useful thereto, across 16.38 Section and/or lie lands under the jurisdiction of this Board.

And the Board of Supervisors having carefully considered the matter on the petition of Tennessee Gas Transmission Company does hereby order and adjudge:

That the Tennessee Gas Transmission Company, its successors and assigns, be and is hereby granted a ten year permit which is nonexclusive, from the Board of Supervisors of Hancock County, as prayed for in said petition, to construct, operate and maintain a natural gas pipeline with appliances over and appurtenances under upon, over and through Sections 18, Township 9 South, Range 15 West, upon payment to the County of the sum of \$22.00 Dollars. Plus advance construction damages detailed hereto.

And the Board of Supervisors hereby finds that Two (\$2.00) Dollars is a reasonable cost per acre per annum for a right of way for pipe line purposes across said lands. That according to the maps or sketches furnished said Board, the Right of Way extends 97.2 lineal rods and computing the acreage involved on a 30 foot which 1.1 acres are involved in said right of way.

Tennessee Gas Transmission Company, its successors and assigns, in the exercise of the rights and authority hereby granted, shall hold the Board of Supervisors of this County harmless. No Leaseholder is involved.

ORDERED IN OPEN MEETING this 12th day of April, 1965.

Voting therefor: Keller, Lott and Hubbard

Absent and excused: Supervisors Dean and Lavingsh

HOME AGENT'S NOTES

The new systemic insecticides that are picked up by the plant roots and distributed throughout the plant in the sap are now available to kill insects on ornamental shrubs.

Cygon, a 25% emulsifiable concentrate (liquid), is one insecticide that camellia and gardenia growers should find extremely useful for the control of camellia tea scale, camellia scale and white flies. You have to allow 2 weeks or more for the plant to pick up the material and kill the insects. One treatment is effective for a year. Spring treatments are recommended, but the material can be added to the soil any time during the year.

A word of caution regarding cygon: If your camellias or gardenias are next to holly plants, use other insecticides since cygon may defoliate your holly.

The other systemic insecticide that looks promising is 2% diazinon granular. It looks good for control of plant lice, thrips and red spider mites on daylilies and iris. It can be used for spider mite and aphid control on azaleas, euonymus, flowering crab, gardenia, holly, juniper ligustrum, pyracantha, rose and other plants.

See directions on container for using the insecticides or ask your Extension home economist for more information concerning them.

"DELAYED CURE" FINISH FOR WASH AND WEAR

Wash and wear garments finished with the "delayed cure" technique have an exceptional ability to retain their shape during wear and laundering. Durable creases and pleats can be set in to last the life of the garment, even after repeating washings.

You have probably already found slacks, trousers and work pants made with this process. You may also find sport shirts, blouses and dresses, and all-cotton suits are being developed for men. Most of the fabrics being used at present are a blend of cotton with either nylon or polyester fiber.

The finish requires two steps. First the fabric is treated with thermosetting resin and goes to the manufacturer to be made into garments including slacks, trousers, blouses, dresses, and all-cotton suits are being developed for men. Most of the fabrics being used at present are a blend of cotton with either nylon or polyester fiber.

The finish requires two steps. First the fabric is treated with

PUT THOSE MOODS TO WORK FOR YOU

Dear Cece: I am 14 and I'm worried that there is something seriously wrong with me. Some days I feel so happy and everything seems to go well. I get along with my parents and my school work goes great. Then, for no reason whatsoever, I have terrible days. From the moment I get up in the morning everything goes wrong. Sometimes I even cry because my hair won't go just the way I want it to. Do you think I should see a psychiatrist?

Cathy.

Dear Cathy: Cheer up (if this is one of your bad days). You're not unique. Your changing moods are part of the fascinating business of becoming a woman, with ever-changing cycles. Now is the time to learn to know yourself and control those topsy-turvy emotions. When a bad mood creeps up on you, remember that you'll soon be your own chief of staff.

It is to have a favorite pastime that you can enjoy by yourself so you don't get on other people's nerves. Try relaxing and listening to your favorite record. Or, if you like to sew, make a new blouse or a party dress. You'll be surprised at how quickly your mood can change when you're working on something you enjoy.

Dear Readers: To receive a free copy of "World of a Girl," a booklet filled with hints on how to use the growing up years to become a more attractive and interesting young woman, drop me a post card at the address listed at the bottom of this column. Don't forget to print your name and address clearly.

Questions and comments should be addressed to Mrs. Cece Allison Room 1440, 420 Lexington Ave., New York 17, N. Y.

Dear Cece: My problem is my parents. They refuse to accept the fact that I am practically an adult. It's nag, nag, nag, all the time. They expect me to clear off the table and do the dishes the minute dinner is over. It's the same thing in the morning. I'm supposed to make my bed and straighten up my room before I go to school. I realize that I have to help around the house, but I think I should be able to do it when I want to. What do you think? Connie S.

Dear Connie: The problem here is that you're looking at housework only from the point of view of your own convenience. It's much more adult to consider the whole picture.

If you don't make your bed before you go to school in the morning, you're really leaving it for your mother to do because she doesn't want to see the chaos in your room every time she passes your door. It's the same thing with the dinner dishes. Perhaps your mother wants to do some baking after dinner. She can't work in the middle of a pile of dirty dishes. Actually, little cleanup jobs are easier when they're done right away. Then you can move on to the fun things without your mother or your conscience nagging at you. It's precisely because your mother knows you're growing up fast and will soon be on your own that she wants you to learn how to handle household jobs efficiently and at a time convenient to the family routine.

Dear Cece: I wish to order the SEAMSTRESS GIC AID. I understand there is a 10 day guarantee. Please find enclosed check or money order.

Crawford-Claudell Wedding

Miss Loretta Jacqueline Claudell, daughter of Mr. and Mrs. George A. Claudell, Waveland, became the bride of James E. Crawford, son of Mrs. Clyde Crawford, Picayune, and the late Mr. Crawford, at 7 p.m. March 28 in Picayune First Baptist chapel.

Rev. Charles Evans performed the double ring ceremony.

Arrangements of white gladioli decorated the church and Mrs. Betty Pearson, organist, played the processional and recessional.

Given in marriage by her father, the bride wore a Chantilly lace gown, fashioned with a five-tiered skirt, falling into a train. The fitted bodice featured a square neckline and wrist length sleeves. Her shoulder length veil of illusion fell from a tiara of seed pearls, and she carried a bouquet of white roses.

Miss Natalie Claudell, Waveland, was her sister's maid of honor, and Mrs. Don Raby, Picayune, sister of the groom, was matron of honor.

Miss Pam Hampton, Picayune, was bridesmaid and Cheryl Raby, niece of the groom, served as flower girl.

Their street length dresses of pale blue crepe featured bell-shaped skirts and they carried Southern bell baskets of white carnations interspersed with blue ribbon and tulip.

James Custer, New Orleans, was best man and Charles Hampton and Don Raby, Picayune, were groomsmen. Richard Herring and Millard DuPont, Picayune, served as ushers.

A reception was held in the church reception hall.

A three-tiered wedding cake trimmed with white roses, topped with a bride and groom centered the bride's table.

After the bride and groom cut the first slice, it was cut and served by Mrs. Helen McCreary. Mrs. Barbara McCreary presided at the punch bowl.

Mrs. Claudell received their guests wearing a silk print dress with white accessories and a corsage of white blossoms.

The mother of the groom chose a pale blue suit, white accessories and a shoulder bouquet of white flowers.

Upon their return from a wedding trip along the Gulf Coast, Mr. and Mrs. Crawford will make their home in Bay St. Louis.

The bride a graduate of Bay High School, attended Phillips Business College, and the groom, a graduate of Picayune High School, is employed by General Electric at Mississippi Test Facility site.
